

Thank you for your support!

We thank you all for supporting Adelaide Hills Gas during 2021. Another interesting year with the on-going Covid pandemic. Whilst we are very thankful for the great state we live in, it's presented many challenges. The rising costs of LPG, shortages on gas equipment and delays on appliances. We appreciate your understanding with the rising costs being prevalent across most industries. We are hopeful the LPG prices will drop again early this year as predicted.

Please note as a small family business we have kept pricing as economical as possible. As a single operation and a member of Brand SA, we trust your relationship with us is built around service, calling a local number and understanding the difference from nationwide companies. We are proud to be members of your community and sponsors of many local sporting clubs and organisations.

If you haven't been into our store for a while, you probably haven't seen our new built-in gas log fire display, showcasing the stunning options for LP Gas fires. Relating to the cost of wood and the labour involved it's a great solution for those wanting instant heat with the ambience of a log fire.

We also have a new bird scarer display which allows for our rural customers to see the different kinds of bird scarers we export into Australia. The display showcasing the stunning scenery of customer and local vineyard— Simon Tolley Wines.

Do you need welding, hospitality or balloon gas?

Did you know that Adelaide Hills Gas is now the only company delivering BOC gas to the Adelaide Hills and surrounding regions? Over 90 local towns to be exact. For a small fee we can deliver any BOC gas direct to your door.

As a BOC agent, we offer either collection of BOC gas from our store or delivery. We currently supply BOC gas to many restaurants, pubs, fabrication services and even for personal use. There is rent free plans available, with NO UPFRONT COSTS. Please call or come in store today to find out more. Plans starting from \$79.00.

TRADE DAY

Last October we held our first ever trade day with BOC which was a huge success. It allowed us to communicate and connect with welding customers, both hobbyists and those in the trade. We had welding demo's and great discounts on offer. It's also an awesome opportunity to speak about different solutions for your situation with BOC's professional welding & boiler maker representatives. Keep an eye out in 2022 for our next trade day. Like our Facebook page for updates.

Cylinder service charge enclosed

Please find enclosed your annual cylinder service charge. The explanation of charges are as follows:

1RENT= 1 cylinder, 2RENT= 2 cylinders and so on.

Please advise our office of any changes that need to be made to your account. If you have sold your property, please let us know so the service charge can be transferred. Note we will require details of new owners or the agent sold through.

What is the cylinder service charge?

As the cylinders are owned by Adelaide Hills Gas, we are responsible for the maintenance, insurance and testing of the cylinders to ensure they remain in a safe condition. The service charge on the cylinder covers these costs.

If you have received this correspondence via post and would prefer to have accounts emailed please provide us with your email address next time you speak with us.
